150-06008**ORBIT COMET CAPSULE**

The Orbit Air Capsule is an inflatable extension room for the Orbit Air Comet Annexe. Add even more living or storage space to your Orbit Air Comet Annexe. The Capsule can be fitted at either, or both ends. Use it as a bedroom or for extra storage!

Features

- > Single inflation point for easy set-up
- > Waterproof 300D Micro weave poly cotton canvas
- > Superior UV protection: UPF50+
- > Excellent ventilation
- > Super quick to set up and take down
- > Inner tent included
- > Pre-attached storm buckles and webbing straps
- > Adjustable ladder bands and steel pegs included
- > All packed in a practical carry bag

**FIAMMA CARAVANSTORE AWNINGS**

A lightweight bag awning with a manual rollout operation. Specifically made for caravans and minivans, the Caravanstore Awning has an extra wide roller tube which can be rewound without the fabric wrinkling. It takes seconds to roll it out and since the legs are inside the roller tube, they too are quick and easy to position. The legs are hinged and telescopic so they can't fall out and get lost. The design of the Caravanstore Awning has been improved recently and it now comes with a Central Rafter fixing kit to ensure a centre rafter is installed safely (from Caravanstore 255). The lead bar now also features a second track so that a sunscreen or LED lights can be utilised.

**Easy Installation**

Slides easily into existing sail track. Once unrolled, simply pull out the legs and position accordingly. When it's time to pack up, the roller tube can be rolled up either way.

Colours and Materials

Housed in a soft bag with a self-lubricating zipper that won't get stuck. The canopy is available in Royal Grey and is waterproof, rot proof and UV resistant.

Use the table below to choose the right Caravanstore Awning for your RV.

Part Number	Description	Awning Length (A)	Canopy Length (B)	Extension (C)	Shade Surface	Weight
200-20000	Caravanstore 190	196cm	162cm	180cm	2.9m ²	6.1kg

FIAMMA F35 PRO AWNINGS

Perfect for your minivan, 4x4 or even a station wagon. Housed in a light anodized aluminium case, the Fiamma F35 Pro has a manual mechanism—press the red button on the side of the casing to open and then walk backwards while unrolling the awning. The drop down legs are housed inside the roller tube.

Adapters are available to help with installation onto the roof racks of your vehicle. The fabric is printed on both sides on a UV-resistant and waterproof vinyl. The F35 Pro extends up to 225. Also comes with ropes and hooks for securing to the ground. Available in royal grey colour only.

FIAMMA F45 S AWNINGS

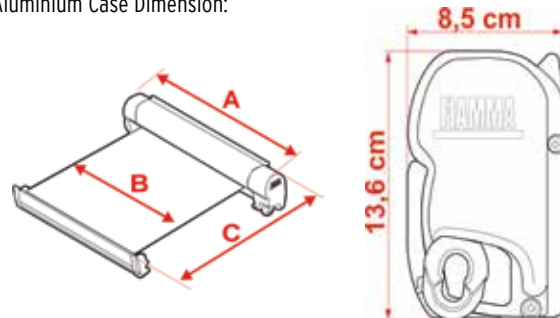

Fiamma's best selling awning has had a few cosmetic changes, with the result being a more compact and functional box awning. The lead bar now has two tracks allowing for use of a sunscreen and/ or LED lights. The F45 S range of awnings are simple to use and easy to install on the wall of your RV or horse trailer. When not in use, the F45 S takes up little space while snugly enclosed in its polar white aluminium case. It is sturdy and safe to operate, with an easy-to-hook winch loop. The canopy is available in five colours and is UV resistant, waterproof and washable. The colour is printed on both sides of the canopy.

Use the table below to help decide which F45 S awning is right for you.

Description	Awning Length (A)	Height from Ground (B)	Extension (C)	Shade Surface	Weight
F45 S 190	185cm	169cm	100cm	1.7m ²	11.5kg

FIAMMA F45 L AWNINGS

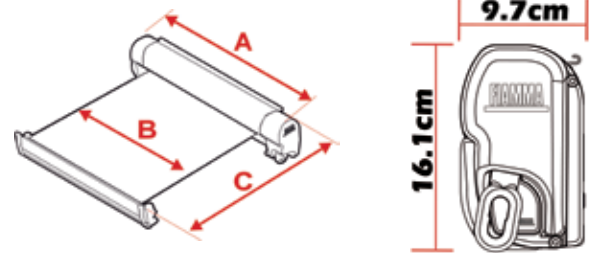

Perfect for larger RVs the popular F45 TiL has been improved to create the F45 L awnings, featuring an increased box size and extra large roller tube. The F45L awning provides a large shaded area for your family to enjoy on your next holiday. Suitable for mounting onto the wall of your RV, F45 L awnings open and close by means of a crank handle and have a beautiful polar white aluminium case to compliment any RVs exterior. Silent when opening, closing and even during travel, the F45 L range is sturdy and easy to operate. Best of all, the F45 L case features two guide tracks enabling you to have a sunscreen and a front wall installed at the same time if you so choose!

Available in five colours, the vinyls are printed on both sides and are UV-resistant, waterproof and washable to ensure you get quality for your money. Supplied with one Straight Centre Rafter as standard (200-04602).

FIAMMA F80 AWNINGS

The new Fiamma F80s Awning range is the new, modern, and compact awning for roof installation. These awnings have an extremely small cross-section that allows it to integrate better with your vehicle's roof line curvature, and feature a number of improvements on its predecessor, the F65s.

NEW Triple Guide Feature

Three guides on the lead bar for fitting two front panels, awning shades or walls, and other accessories.

Canopy Finish

Available in two colours

- > Royal Grey
- > Royal Blue

NEW LED Predefined Position in Lead Bar + Case

Housing for optional LED strips are built inside the case as well as the lead bar.

Three Case Colour options available

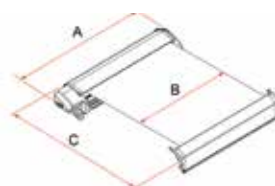

Features

- > Aluminum End Caps: Newly designed aluminum end caps for maximum strength.
- > Extra-Strong Arms: Wider, reinforced and articulated arms with double steel cables for optimal canopy tension.

200-04600

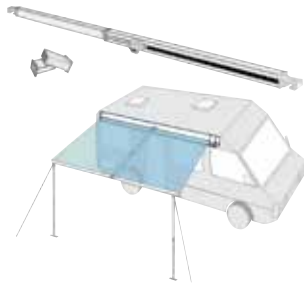

FIAMMA CURVED CENTRE RAFTER PRO

A curved rafter which helps to eliminate water pooling and the canopy from flapping in the wind. It is easy to install, keeps the fabric taut and also provides more under-canopy clearance. Made from two anodized aluminium telescopic bars, the Rafter Pro is best suited to awnings that have an extension of up to 250cm. Its minimum length is 144cm but can extract to 265cm.

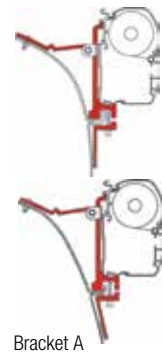

200-04602
FIAMMA STRAIGHT CENTRE RAFTER

Made from anodised aluminium, the Straight Rafter helps to keep the awning taut. It comes with wall clips allowing you to mount it, for storage, inside your vehicle. Best suited to awnings that extend up to 250cm, the Straight Rafter's extension ranges from 142cm - 265cm.

200-04634
FIAMMA AWNING VAN FITTING BRACKETS FOR F45

Suitable for vans such as Fiat Ducato (manufactured before 1994), Ford Transit, Mercedes Sprinter 208D KB. Drilling required. Kit comes with x2 types of brackets (x2 of each supplied), one suits Fiat Ducato (manufactured before 1994); the other suits Ford Transit, Mercedes Sprinter 208D KB. Brackets are 8cm in length.

Bracket A

200-04610
FIAMMA CARAVANSTORE CENTRE RAFTER

An anodised aluminium rafter with a 30mm diameter. It too has a twist open and close function making installation simple.

200-04635
FIAMMA AWNING FIX INSTALL BRACKET "S" (1PCE)

Suitable for RV's with a flat outer wall. An optional extra bracket for those who wish to strengthen their current mounting. Drilling required. Kit comprises of x1, 12cm "S" bracket.

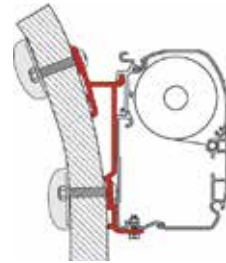

200-04612
FIAMMA CARAVANSTORE CENTRE RAFTER XL

200-04653
FIAMMA AWNING MOUNTING BRACKET FOR F45 15 DEGREE

Suitable for RV's with a slight curve towards the rooftop and for those wanting to mount the awning closer towards the curve of the roof. Drilling required. Kit comprised of x1, 11cm bracket.

FIAMMA ADAPTOR BRACKETS

If you like the look of Fiamma's F45 range of awning but your RV does not have a flat-walled surface to mount it on, do not worry! Fiamma have a range of adapter brackets allowing you to fit an F45 awning to your RV, some of which don't require any drilling!

200-04630
FIAMMA AWNING VW T2/T3 FITTING BRACKETS FOR F45

Suitable for VW T2 and VW T3 vehicles manufactured after 1980. No drilling required. Kit comprised of x2, 8cm brackets.

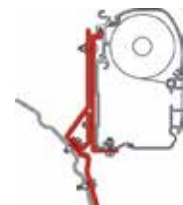

200-04681
FIAMMA F65S AWNING FIXING KIT

Suitable for Fiat Ducato, Citroen Jumper and Peugeot Boxers with high roofs built after June 2006. Comprised of x2 20cm brackets and x1 12cm bracket.

200-04632
FIAMMA AWNING VW T4 FITTING BRACKETS FOR F45

Suitable for VW T4 and VW T4 with a Lift Roof. Drilling required. Kit comprised of x2, 8cm brackets.

200-04682
FIAMMA F65S AWNING FIXING KIT

Suitable for VW Crafter and Mercedes Sprinters with high roofs built after June 2006. Comprised of x1 12cm bracket, x1 53cm bracket and x1 60cm bracket.

200-04714
FIAMMA F35 AND CARAVANSTORE PLASTIC RIVET

Snap on rivets for the awning leg end on the following models: F35, Caravanstore, F45 and F65. Sold in pairs.

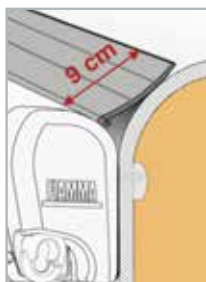

FIAMMA AWNING RAIN GUARDS

Awning rain guards are a great solution to prevent water from dripping behind the space where your Fiamma awning has been mounted. Made of rubber, the rain guard is installed onto the awning case (no need to remove the awning). Comes in three widths and in 550cm lengths.

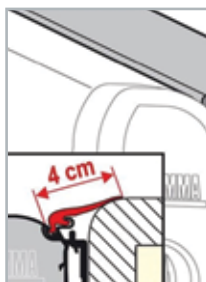

**200-04802
FIAMMA AWNING
RAIN GUARD L 550CM**

Suited to awnings that have been fitted using one of the adapter brackets that resulted in a gap of up to 9cm between the awning case and the RV wall. Can also be used on curved walls.

**200-04806
FIAMMA AWNING RAIN
GUARD M 550CM**

For awnings, mounted with adapter spaced out from the wall (up to 4cm) or on curved walls.

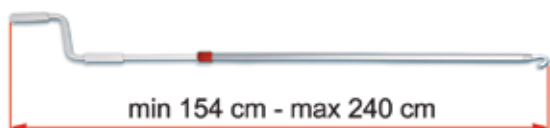

**200-04811
FIAMMA AWNING
RAIN GUARD S 550CM**

For awnings installed with the standard AS120 bracket on flat walls. Fits the 1.6cm gap between the flat wall of the RV and the back of the awning case.

**200-04896
FIAMMA WINDING HANDLE TELESCOPIC**

This telescopic handle is standard delivered with the F45L awning. Made from light aluminium, it is ideal for high motor homes or caravans, allowing users to easily unwind their awning without stretching. Weighs only 1.32kg. Min length is 154cm but can extend up to 240cm.

**200-04898
FIAMMA WINDING HANDLE STANDARD 123CM**

This 123cm crank handle is standard delivered with F45S awnings up to 400cm. It has a folding handle and is made of ultra light aluminium. It can be cut down if required and weighs only 0.4kg.

**200-04900
FIAMMA WINDING HANDLE SHORT 51CM**

The shortest of Fiamma's crank handles the 51cm version is also made of light aluminium, meaning it only weighs 0.24kg. Ideal for smaller/ lower RVs.

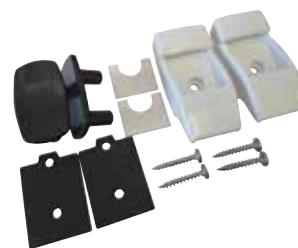

**200-04901
FIAMMA ALU WALL
BRACKETS FOR AWNING
LEGS**

Made of aluminium, these are installed on the outside wall of your RV, allowing you to mount the legs of awning on the side of your RV (instead of vertically dropping to the ground). Suitable for Fiamma F45S, F45L, F65, Caravanstore and F35 awnings. Comes in a set of 2.

**200-04902
FIAMMA LEG WALL
BRACKET KIT FOR
F45 AWNINGS**

These wall brackets are made of a sturdy, white plastic to complement the colour of your RV. Suitable for F45S and F45L awnings. Comes in a set of 2.

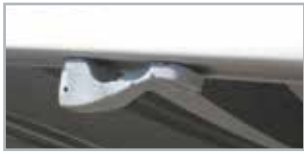

**200-05316
FIAMMA F45 TI SUPPORT
LEG REGULATION HAND
WHEEL KIT**

This hand wheel secures the extendable legs on Fiamma awnings at the chosen height.

200-08002
FIAMMA FAST CLIP

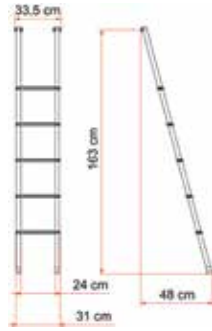

Used to attach the walls of a Fiamma Privacy Room to an awning canopy, the improved Fast Clip system is suitable for use on awnings with a 250cm extension only. Its upper bar is now divided into 4 pieces allowing for precise closing at each section. Each section is now stronger with strengthened joints to minimise central bending. The levers have been made stationary (they can't come out of their position) and larger. This allows for easier unhooking. By turning the levers, the grip on the awning canopy can be increased/decreased. The plastic end caps have been shaped to limit damage to the side walls when threading them into the track on the Fast Clip System.

250-02037
FIAMMA DELUXE 5B LADDER

A quality aluminium ladder for sleeping berths in RVs. It has a 15° inclination and handy nylon hooks to hold it in position. The 5B Ladder has five steps.

Weights: 2.6kg

200-08004
FIAMMA TIEDOWNS (BLACK)

A Fiamma tie-down that allows for solid anchoring. It fits into the awning rails or the side clip of the privacy room. Comes with two 300cm adjustable bands and the necessary stakes and tension springs.

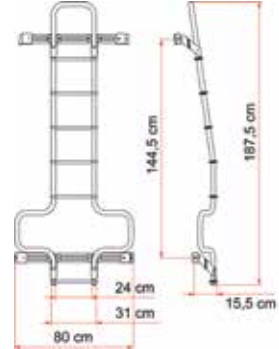

- > 2x Tie Downs
- > 2x Front Hooks
- > 2x Springs
- > 2x Stakes

250-02039
FIAMMA DELUXE 6 DJ

A sturdy and lightweight external ladder with non-skid steps. Made from anodised aluminium, it is supplied with fixing bars for quick and easy installation on the rear door. It can also be combined with the Carry Bike 200 DJ (part number 350-02096). The Deluxe 6 DJ is suitable for installation on the following vehicles: Fiat Ducato, Citroen Jumper, Peugeot Boxer and Ford Transit (with double rear doors built after 2006). It has six steps.

Weights: 6.5kg

FIAMMA ADAPTORS

200-08007
FIAMMA ADAPTER KIT

Fiamma Adaptor kit to suit side w pro 4m and under.

250-02040
FIAMMA DELUXE 8 EXTERNAL LADDER

A quality aluminium ladder that is sturdy enough for external use. It has a comfortable 24cm step width with non-skid rungs for added safety. The 8 External Ladder can be folded up during travel and can be installed on the following vehicles: Fiat Ducato, Citroen Jumper, Peugeot Boxer and the Ford Transit (with double rear doors built after 2006). It has eight steps.

Weights: 5.5kg

FIAMMA AWNING SPARE PARTS

AUSSIE TRAVELLER ANTI-FLAP KITS

Australian made, this range of Anti-Flap Kits were designed for those RVs with roll out awnings installed. They make adding walls easy, resulting in a wind and waterproof seal between the edge of the awning fabric and the wall. The Anti-Flap Kits come in three sizes depending on the extension of your awning. The Kit itself clamps onto the length of your awning. It has two inbuilt sail tracks allowing you to hang walls quickly as well as a fly net if you have one. Comes with all fittings and instructions.

200-08013 AUSSIE TRAVELLER SHORT ANTI FLAP KIT ALUMINIUM (WHITE)

Suited to roll out awnings that extend from 210cm up to 220cm.

200-08011 AUSSIE TRAVELLER MEDIUM ANTI FLAP KIT ALUMINIUM (WHITE)

Suited to roll out awnings that extend from 220cm up to 230cm.

200-08012 AUSSIE TRAVELLER LONG ANTI FLAP KIT ALUMINIUM (WHITE)

Suited to roll out awnings that extend from 230cm up to 240cm.

200-12181 AUSSIE TRVELLER LOCKING KNOB + T-NUT

Replacement knob and T-nut that suits Aussie Traveller anti-flap kits and curved roof rafters.

200-12183 AUSSIE TRAVELLER AFK BRACKET

Replacement stainless steel mounting brackets that suit Aussie Traveller anti-flap kits and curved roof rafters.

200-12186 AUSSIE TRAVELLER AFK POLE HOLDER BRACKET

Steel bracket to support a pole along an Aussie Traveller anti-flap kit.

200-12216 AUSSIE TRAVELLER AFK CAM HANDLES

Replacement Aussie Traveller anti-flap kit cam handle with spring and nut.

AWNING DE-FLAPPER KITS

Helps to protect awnings from costly rips and tears while reducing wind flapping. The de-flapper securely holds the awning fabric by means of hook and loop velcro straps. Made of durable nylon with UV stabilizers.

RV AWNING STABILISER
KIT

Secure your awning economically. Extra holding power of spiral stakes works well in all kinds of soil. Tension units keep ropes securely taut. Easy-to-use kit stores compactly and fits all roll out awnings. Great for use on the beach, it attaches to the ends of the roller bar on your awning. Fits all awnings

200-08160
AWNING HOLD DOWN STRAP KIT

Secures your roll out awning by distributing the tension evenly across the canopy. It is a wrinkle resistant strip that fits awnings up to 25'. Kit includes strap, stakes, springs and brackets.

200-08034
RV TWINTRAK FOR
HANGING LIGHTS

Suitable for awnings up to 18' (5.5m), the Twintrak conveniently turns a single track into a twin track. It allows you to hang sunscreens, lights or other RV accessories all at the same time. Made from strong plastic the Twintrak is supplied in x6, 3' (x6, 91.4cm) pieces.

200-08144
RV AWNING PARTY
LIGHT HOOKS

Sturdy sewn fabric tabs with grommets that slide into the roller bar channel of your awning. It enables you to hang lights, wind chimes and other lightweight items from the edge of your canopy. Each pack contains x7 tabs.

200-08142
AWNING HARDWARE
STRAPS

These Velcro straps allow you to replace old or lost awning straps belonging to your rollout awning. They measure 12" (30.5cm) and can also be used to secure other items such as leads or hoses around your RV. Comes in a pack of two.

200-08080
VLP VINYL REPAIR TUBE

Great for mending pinholes, rips or tears on awnings and canvas. VLP is a clear, high strength and flexible adhesive that is suitable for use on most types of flexible vinyl surfaces. It has an air dry formula that dries clear, thus blending with coloured fabric. Typical use is on vinyl furniture, awnings, tarps, vinyl sheeting, luggage, rain gear, covers, tent floors and boots. All surfaces to be glued must be free of oil and dust: to achieve this, simply wipe the surface with alcohol and let it dry before applying VLP.

Specifications

Temperature Use Range: -10°F to 200°F
(-23.3°C to 93.3°C)
Tensile: (ASTM D-882) 2900Psi

200-08086
CAMCO RV AWNING REPAIR TAPE - 3" WIDE X 15' LONG

Camco's RV Awning Repair Tape is a permanent repair for rips and punctures on your RV awning. Use it for RV, boat sails, canvas, tents, rain wear, backpacks, popup campers and more. It has an aggressive adhesive and resists tearing in any direction. The roll is 7.6cm wide x 4.57m long.

200-08270
COAST CURVED ROOF RAFTER (WHITE)

Designed to give your awning canopy a gentle curve enabling rain to run off with ease. Keeping your awning canopy taut it also minimises flapping caused by wind. The Coast Curved Rafter is suitable for awnings that extend up to 8ft (243cm).

COAST PREMIUM RAFTERS

Featuring a curved top which is gentle against awning fabric, these rafters are designed to give your awning a curve and avoid water pooling. This clever rafter also keeps awning fabric taut and to minimise flapping, this is especially helpful during the rainy season, or in windy areas where your awning is more likely to get damaged.

200-08272
GENTLE-CURVED AWNING RAFTER

- Extends to 274cm

200-08273
HIGH-CURVED AWNING RAFTER

- Extends to 273cm

150-00110
SPIGOT MOUNT BRACKET

Suitable for use with steel extension poles and curved roof rafters.

AUSSIE TRAVELLER CURVED ROOF RAFTERS

Curved Roof Rafters have a dual purpose - to prevent the awning canopy from sagging, ensuring water run-off, and for keeping the awning fabric taut, reducing wind flap. Awnings that flap can cause your RV to shake or even cause damage to the awning itself. Aussie Traveller has produced two types of telescopic Curved Roof Rafters - suiting most brands of rollout awnings.

Please see the guide below to see how many rafters are recommended per awning:

Awning Size	Recommendation
11' and under	1
12' - 16'	2
17' - 20'	3
21' and over	4

200-08280
AUSSIE TRAVELLER CURVED ROOF RAFTER MAXI INCLUDING BRACKET

Specifications
 Curve: 90mm
 Extension: 1400 - 2580 (mm)

200-08282
AUSSIE TRAVELLER MINI CURVED ROOF RAFTER INCLUDING BRACKET

Specifications
 Curve: 60mm
 Extension: 1400 - 2580 (mm)

200-12184
AUSSIE TRAVELLER SPIGOT T/S ROOF RAFTER

Replacement Spigot that suits Aussie Traveller curved roof rafters.

200-12185
AUSSIE TRAVELLER END HOOK T/S ROOF RAFTER

Replacement End Hook that suits Aussie Traveller anti-flap kits and curved roof rafters.

200-34180
CAREFREE AWNING DOOR ROLLER N' DISC

JAYCO CAMPER BAG AWNING POLES

Designed for Jayco Camper Bag Awnings, these handy poles can be used to replace those that have been lost or damaged.

Spring Loaded Front Poles

Available in the range there are 4 sizes of spring loaded Front poles that range from 8 to 12 ft. These support the front length of the awning and can be broken down into smaller sizes for easier storage.

Upright Pole

The Upright pole features a rubber foot for grip and stability and are made to clip into a Front pole. The Upright pole can be extended and feature a convenient locking mechanism. Lift the handle and the pole can extend or retract, close the handle and the pole is securely locked in place.

Top Pole

The Top pole has a hooked end that slots into the mounting point on a Jayco Camper and are also made to clip into the Front pole. The Top pole can be extended and feature a convenient locking mechanism. Lift the handle and the pole can extend or retract, close the handle and the pole is securely locked in place.

Part Number	Description
200-01002	Upright Pole No 2. UP-2-SM

ENDUROMATS

Perfect for camping, these Australian made mats help to keep your RV cleaner. Small dirt particles, such as sand, fall through the mesh, leaving larger stones on top for easy removal. Made of a PVC welded fibre, Enduromats are strong, durable and tough but not on the grass underneath! The mesh style fabric allows air to move beneath its surface allowing grass to breath. Non-slip and mildew resistant, the lightweight mat is easy to carry and store. Because nothing sticks to the Enduromat, minimal maintenance is required. To clean, simply shake the mat and then fold as per normal to put back into the bag. It is even UV resistant so it will maintain its colour for years.

PREMIUM COAST FRONT SUNSCREENS

1 SUNSCREENS

Coast's range of sunscreens has been redesigned resulting in a stronger and more functional sunscreen. The front and side sunscreens now feature an improved spline that won't kink over time. There are also newly added reinforcing triangles (with D-rings) that enable the sunscreen to be secured to awning legs. They are still quick and easy to fit. Once you have taken it out of the packaging, shake it out like a blanket and grab the end without the eyelets. Simply thread it through the track on your awning lead bar.

Key Features

- > Improved spline
- > Added reinforced triangles with D-rings
- > Hemmed edging all around to prevent fraying
- > Comes with guy ropes and heavy duty 8mm steel pegs (for securing to the ground)
- > Offers extra privacy
- > Now with a huge 5 year warranty

ARPAN5A Test Results

- > Cover Factor: 91.0 +/- 2.5
- > UVR Block: 90.4% +/- 2.5%
- > Shade Factor: 86.6 +/- 2.9
- > Calculated Protection Factor: 11*

* The Calculated Protection Factor is for the material only and does not account for the effect of indirect UVR when situated at a distance from the persons being protected.

Now available in Black finish

COAST SIDE SUNSCREENS

Available to suit Pop Tops and Caravans, the Coast Side Sunscreens are made from the same quality material as the Front Sunscreens. In the case of a Pop Top, the side sunshade attaches to your awning arm (when extended) by means of velcro straps. If you have a Caravan, you have two installation options; 1) use the Velcro straps to attach it to your awning arm or, 2) if you already have an antiflap device installed with sail track, simply thread the side sunshade spline through the track. Comes with guy ropes and pegs to secure to the ground. Comes with a huge 5 year warranty!

COAST FRIDGE VENT SUNSCREENS

200-09350 - Grey Finish

200-09355 - Black Finish

COAST FRIDGE VENT SUNSCREEN

Designed to shade the fridge area of your RV. The Coast Fridge Sunscreen will lower the ambient temperature around your fridges vents allowing the fridge to perform better on hot sunny days. The Coast Fridge Sunscreen comes with almost everything you need to install the screen yourself, including 1100mm of sailtrack and eight 12mm x 6 gauge stainless steel mounting screws. To give the finishing touches, the installation kit also includes mould insert to cover the mounting screws and specially designed caps for each end of the sailtrack.

Features

- > DIY Installation Kit (includes sailtrack, mounting screws, mould insert and end caps)
- > Kink free 6mm spline
- > Tough reinforced D-rings
- > Hemmed edges all around to prevent fraying
- > Guy ropes and heavy duty 8mm steel pegs (for securing to the ground)
- > Comes with a huge 5 year warranty.

CAREFREE ALTITUDE

Altitude introduces a new high in awning intelligence and style. This advanced awning helps set your RV apart from the crowd with features you might find on much higher priced products.

Altitude makes the outdoors the 'coolest' part of any RV. Today's RV owners enjoy entertainment, connectivity and technology that simplify RV living. Our Altitude awnings are loaded with the latest technological features including operation through the Bluetooth™ enabled smart phone app that allows you to extend, retract your awning, turn of/on or dim the LED light, and even adjust Carefree Motion's sensitivity to wind.

Altitude™ has been developed to provide OEMs an easy to install, contemporary patio awning that fits the lifestyles and tastes of todays younger, more tech savvy, on-the-go RV buyers. It follows Carefree's automotive styling and is designed to complement the Caravan sidewall rather than clutter it.

Features

- > **Memory Pitch.** Awning extends out to the same pitch it was retracted from.
- > **Exclusive Pitch Adjustments.** Now with easier to use buttons for adjustment and you can change the pitch when the awning is closed!
- > **Bluetooth Enabled.** The optional wireless awning control system and mobile app allows you to control awning extension, retraction, LED lighting, and the sensitivity of the wireless motion sensor right from your mobile device.

CAREFREE ALTITUDE AWNING HARDWARE

Suitable for pop-tops & caravans due to their compact height. The pitch angle is adjustable with six different levels thanks to a simple but sturdy pin setup. The Altitude hardware also features inbuilt shocks for reliability that will soak up bumps and jarring while on the road. They are strong enough to support the awning without the use of legs, but If your planning longer stays, Carefree recommend the use of their HD Support Pole Kit 200-33066 (coming soon).

200-33014
CAREFREE ALTITUDE WHITE AWNING HARDWARE SET

200-33016
CAREFREE ALTITUDE BLACK AWNING HARDWARE SET

200-37430 CAREFREE ALTITUDE BT-12 CARAVAN ELECTRONICS

This optional electronics kit enables Bluetooth™ operation of the Altitude through a compatible smart device. It also includes a Combination switch that allows a Master ON/OFF as well as a one touch EXTEND or RETRACT button. This kit allows you to:

- > Open & Close the awning
- > Turn the LED light bar On
- > Adjust the brightness of your LED light bar
- > Position the angle of the LED by bringing in or taking out the Awning
- > Adjust the optional motion switches sensitivity to complete override if this is installed
- > Get your exact extension every-time you open the awning via setting the memory in the app

200-37438 CAREFREE ALTITUDE BT-12 CONTROL MODULE

This part here is a replacement Bluetooth module on its own if required, its function is to communicate all functions from the switch or app to the awning.

200-37440 CAREFREE ALTITUDE LED SWITCH WITH FUSE

Simply an on/off switch to operate the LED bar from the inside of the van, this switch can be installed in any inside location but will need to be hardwired in to work. simple item for a simple operation & includes a fuse for added safety.

ALTITUDE ACCESSORIES

200-37432 CAREFREE ALTITUDE BT-12 MOTION SWITCH

This switch mounts on the awning to detect unwanted motion such as wind. If extreme wind is detected it will tell the awning to promptly get out of harm's way by automatically retracting. This is a great bit of insurance should you be away from your van and the wind suddenly picks up.

200-37442 CAREFREE ALTITUDE EXTEND & RETRACT SWITCH WITH DYNAMIC BRAKE

If the BT-12 option is not suited to your customers, maybe due to it being too "TECH SAVY" for the end user or if the OEM wants to still have the New Motorised hardware for ease of operation but it's a cost sensitive option then this Manual operation switch will be needed at a minimum. To use simply hold down the OUT button to extend the awning and when the awning is fully extended you let go of the button, to retract simply hold down the IN button and again let go when the awning is completely rolled up in its travel position. If your customer wishes to use their OWN switching/control system ensure it has a "DYNAMIC BRAKE" ability built into the switch or the unit will not operate correctly.

200-37434 CAREFREE ALTITUDE BT-12 REMOTE

A great little extra as with this simple remote control so you can open and close your awning as well as turn on the LED & adjust the brightness without having open up a smart device.

200-37436 CAREFREE ALTITUDE BT-12 SWITCH KIT

This is a replacement switch which is mounted to the interior of the van which is then hardwired into the BT Module, it will control the basic operation of the awning being extend or retract as well as master power on/off switch.

200-22066

CAREFREE ALTITUDE HD SUPPORT POLE KIT

The new Carefree Altitude HD Support Pole Kit is a purpose-designed support pole kit to suit Carefree's Altitude Awnings, and other rollout awnings without support legs. Staying in one place for an extended time with an Altitude awning will require them to have some kind of upright support.

The HD Support Pole Kit comes with two connecting heads so it can be used to support awnings with roll bars as well as box awnings. They are designed to fit both Carefree and other branded awnings.

Important! When using this kit with Altitude awnings, or any powered awning, ensure that the awning's power is switched OFF prior to installation! This prevents any sensors the awning has from activating and causing it to retract. If you need to adjust the awning pitch after set up, loosen the pole's straps and lower before adjusting.

Features

- > Cradle head to support awnings with roll bars
- > Stabiliz'r Grip head to allow securing to a box awning
- > Poles feature crank knobs to secure the pole to the adjusted height
- > Comes with stakes and straps to secure the poles to the ground and awning.
- > Designed for quick set up, under 5 minutes!

CAREFREE CURVED RAFTER - BLACK

Carefree's new Curved Rafter is a curved rafter designed to add rigidity and further support to your awning.

Installing the Curved Rafter is simple and easy with two methods of connecting to the roller tube available. The rafter can be attached using the pin with a hole drilled into the roller tube or with no drilling into the roller tube required the mounting cradle fits around the roller tube and firmly holds the rafter in place.

The Curved Rafter also includes an industry first utility slot to quickly hang side blockers, side panels or other awning accessories.

The Curved rafter is available in Black and White hardware colour options .

CAREFREE ROLL OUT WINDOW AWNINGS

Window awnings offer an alternative to roll out awnings but still provide essential protection from the sun. Carefree have modified their window awnings to incorporate a more streamlined design. The vinyl has also been given an update to an opaque white, complementary to any RV exterior. Two types of Carefree Window Awnings are available, the SL and the SL XL. The SL window awning is suitable for windows less than 36" (91cm) in height. If your window is more than 36" in height, you will require the SL XL window awning.

Capable of 18" (46cm) extension

200-31960

SL XL WHITE WINDOW AWNING HARDWARE

Capable of 30" (76cm) extension

CAREFREE FIESTA ROLL OUT AWNINGS (NO ARMS)

Carefree's vinyl fabric features a superior construction with the top portion being called the Weatherguard - this protects the fabric from the sun, scrapes and exposure when the awning is rolled up.

The Carefree Fiesta has long been a favourite amongst RVers, not only in the USA but here in Australia as well. It is a simple to use manual, spring loaded, rollout awning featuring a vinyl weatherguard as previously mentioned. The Fiesta is available in two finishes, Dune Stripes (this coloured on both sides) and Shale Fades (this is coloured on the top side only). Sizes vary for each colour. The 8' - 14' awnings project up to 7'3" (2.21m), while the awnings from 15' - 21' project up to 7'9" (2.36m).

Fiesta Features

Remote and Travel Locks

These work together to ensure the Fiesta does not come undone during travel. They eliminate the need for you to stretch and fumble for the roller lock.

Canopy Clamps

Built onto the hardware and self storing. Canopy Clamps help to keep your awning taught and provide extra protection from the elements. Not available on arms supplied to suit poptops.

Heavy Duty Brackets

Solid and rugged, the awning hardware and castings are white to suit the trim of any RV.

Single Track Slider

Located on the inside of the hardware channels, it eliminates the rafter binding during setup and storage. You get a smooth gliding motion as soon as you slide the rafters up the hardware arms

CAREFREE LED AWNINGS

Carefree's new LED awning option will make you the envy of the campsite with an adjustable light that is bright enough to read by. This fun, energy-saving dimmable LED's look incredible & are great for parties or just enjoying the evening outside. The 11'-15' awnings project up to 7'3" (2.21m), while the awnings from 16'-20' project up to 7'9" (2.36m).

CAREFREE TRIPLE BLACK LED AWNING

It is a simple to use manual, spring loaded, rollout awning featuring a vinyl weatherguard as previously mentioned. Sizes vary - the 11' - 14' awnings project up to 7'3" (2.21m), while the awnings from 15' - 20' project up to 7' 6 3/4" (2.30m).

Features

- > Black Springs
- > Black Weather Guard (so they roll up black)
- > Black Shale Fade Canopy (when rolled out the canopy has a black balance)

- 200-37110 11FT TRIPLE BLACK SHALE FADE

- 200-37190 19FT TRIPLE BLACK SHALE FADE
- 200-37192 20FT TRIPLE BLACK SHALE FADE

When replacing the Spring Assembly on your Carefree Fiesta (rollout) awning, take note of the following:

SPRING WIND CHART		
Length of Awning	Winds with Awning Closed	Winds with Awning Open
7'11" or less	6	14
8' - 12'	5	13
12' 1" - 18'	7	15
18' 11" and longer	8	16
To wind, rotate the end plug over the top and away from the RV		
To unwind, rotate the end plug over the top and toward the RV		

CAREFREE ECLIPSE AWNINGS

The Carefree Eclipse awning is yet another innovative design from these 40 year strong manufacturers. It is a 12V electric awning that extends (and retracts) at the touch of a button (usually mounted near the door of your RV). You can choose to unwind it partially or to its 2.3m full extension. As the worm-gear motor unwinds the canopy, the arms glide up the vertical track (mounted to the outside wall of your RV). The end result is a stable canopy with truss like support. To retract the Eclipse simply hold the button and the motor will roll it up tight against your RV and that's it, eliminating the need to fumble for roller locks:

Eclipse Features

Unmatched Performance

Eclipse has remarkable strength and support for an automatic awning, not to mention it's stylish good looks.

Self Levelling

No need to level the canopy before you roll it up and the genius part is that when you do unwind it again, it will unwind to its last setting.

Rain-dump Feature

When your Eclipse is on a flat pitch and rain is pooling on the canopy, the gas strut will momentarily retract and dump the water.

Adjustable Pitch

There are 6 settings on the awning arm giving you options to maximise shelter from the sun and rain.

18' ECLIPSE 12V SILVER SHALE FADE (NO ARMS, NO SPRINGS)

** All Carefree awnings are sold in two components, the vinyl and the hardware (arms). The hardware required will vary depending on size and type of RV. Please contact a Coast Team member to determine the correct hardware for your RV.*

200-33000

CAREFREE WHITE SHORT HARDWARE (POP TOP)

Best suited for Pop Tops or smaller caravans with a straight outer wall i.e. walls with a height of 1.6m - 1.7m from the floor line up to the awning railing.

200-33002

CAREFREE BLACK SHORT HARDWARE (POP TOP)

Suitable for use on Pop Tops or smaller caravans with a straight outer wall i.e. walls with a height of 1.6m - 1.7m from the floor line, up to the awning railing.

200-33008

CAREFREE BLACK LONG HARDWARE (UNIVERSAL)

Suitable for use on larger caravans with a straight outer wall i.e. walls with a height of 1.7m - 2.1m from the floor line, up to the awning railing.

200-33010

CAREFREE WHITE LONG HARDWARE (UNIVERSAL)

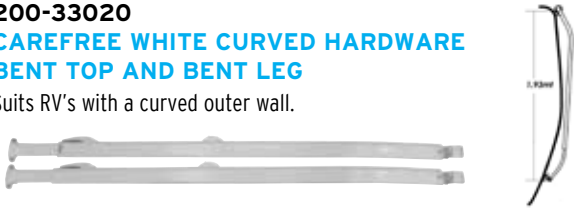

Best suited for larger caravans with a straight outer wall i.e. walls with a height of 1.7m - 2.1m from the floor line up to the awning railing. Comes with remote lock.

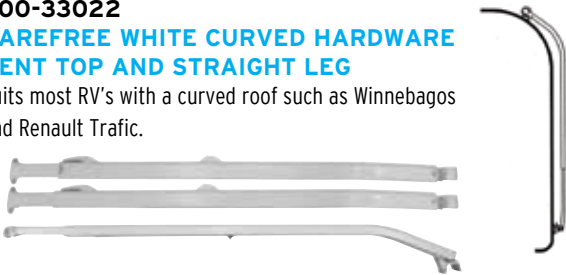

200-33012
CAREFREE AWNING HARDWARE 12V ECLIPSE
 12V Awning arms to suit the Eclipse awning. Must be fitted to a flat-walled caravan or motor home. It is 10.8cm wide and requires 1.8mt from the awning rail to the floor line.

200-33020
CAREFREE WHITE CURVED HARDWARE BENT TOP AND BENT LEG
 Suits RV's with a curved outer wall.

200-33022
CAREFREE WHITE CURVED HARDWARE BENT TOP AND STRAIGHT LEG
 Suits most RV's with a curved roof such as Winnebagos and Renault Trafic.

200-34150
CAREFREE SPIGOT KIT FOR CAREFREE RAFTERS

The Spigot pin fits into the end of the Carefree Centre Rafter, which is then inserted into the awning barrel when extended.

200-33030
CAREFREE RAFTER STANDARD

The standard rafter has an awning support cradle and is easy to use. The end with the awning support cradle attaches to your RV wall, allowing the rafter to swing out towards the awning roller (once extended). Simply tighten the knob on the roller and use the lever to fit to the roller. You can make the canopy as tight as you desire but take care not to stress your canopy roller. Comes in polar white and suits the Carefree Fiesta range of awnings.

200-33040 - White
200-33042 - Black
CAREFREE RAFTER WITH GROUND SUPPORT

Has the same benefits as the standard rafter but with an additional ground support leg. This prevents the awning roller from sagging (towards the ground) once the awning has been rolled out. The ground support and roller work together to keep the awning roller straight. Comes in polar white.

In storage on the side of your RV

Ground Support in use

CAREFREE SUPPORT CRADLE

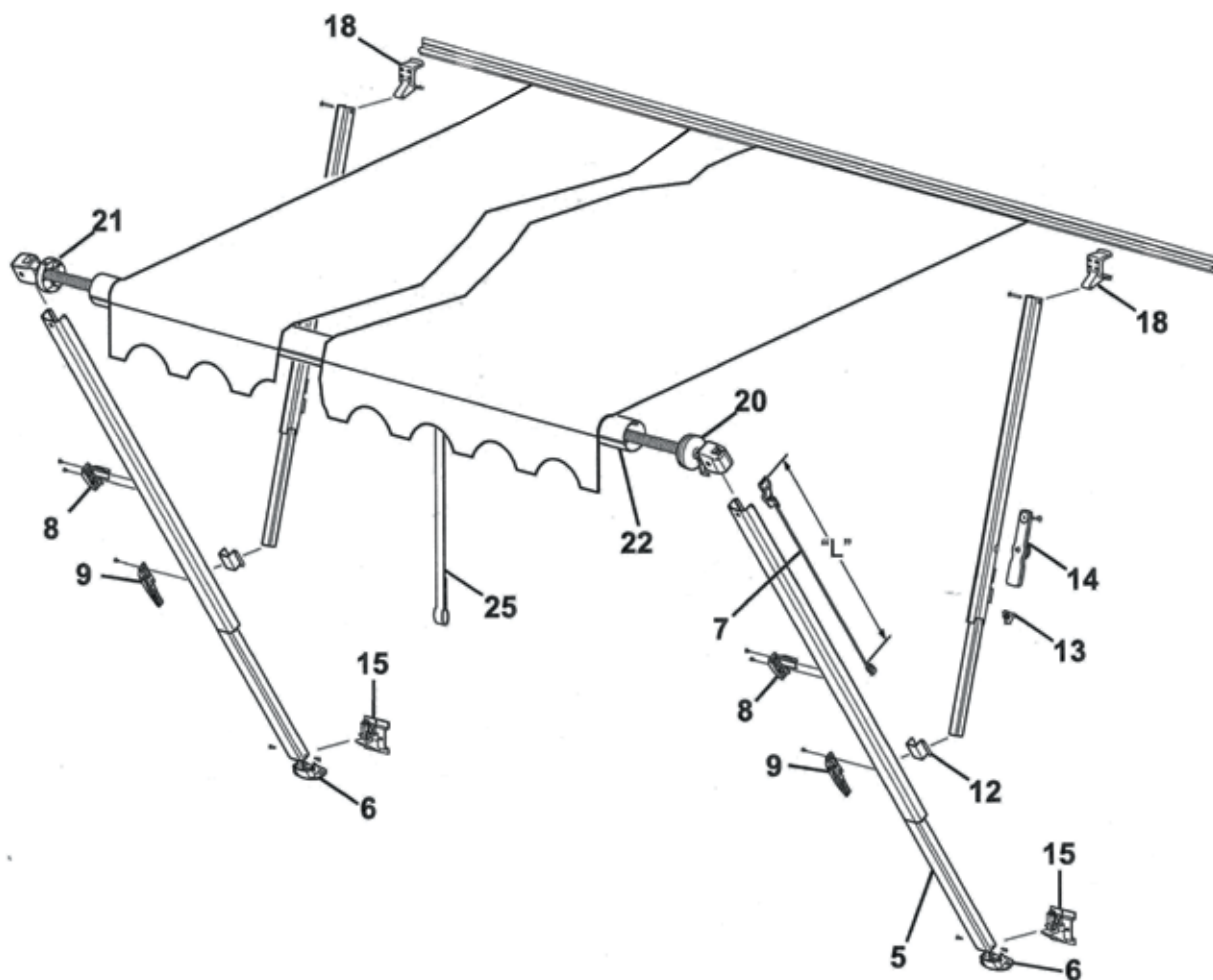

Fits all roller awning brands, the awning support has a pivoting head. Once you roll up your awning, the pivoting head receives the roller and supports it, eliminating weight stress and potential bowing in the centre of your awning roller. The awning supports will not damage the awning fabric. Recommended for use on flat walls of RVs and for awning widths of 16ft or greater.

Note: Awning 7'11" and shorter use only x1 R/Hand Spring i.e. there is no L/Hand Spring

TIPS FOR CAREFREE AWNINGS: CARE AND MAINTENANCE

Fabric Care

- > Do not use oil-based cleaners or any granulated/ abrasive type cleaners on your Carefree awning.
- > The easiest way to delay the need for a deep clean is to simply hose down the awning fabric once a month with clear water - this prevents dirt from becoming set in into the fabric.
- > When the time comes for a thorough cleaning, you can leave the fabric on the frame. For vinyl fabric, simply use a soft brush and warm water with a natural soap. Allow the fabric to air dry completely before rolling back up.

Mildew

- > A fungus that looks like dirt.
- > Common in areas where temperature and humidity is high, mildew can become a problem.
- > Rinse fabric with clean water and allow to air dry completely before rolling back up.

Leaking

- > On vinyl canopies, side hems and poly cords are stitched with a sewing machine.
- > The stitching may allow water to seep through - this is normal and not a warranty defect.
- > In this instance, treat the seams with a seam sealer.

Arm Care

- > Always keep this clean to allow the arms and braces to operate smoothly.
- > Periodically wash out the arm channels with a hose to keep them clean and eliminate dirt and debris.
- > Once the arms have been cleaned and dried completely, you can spray the joints with a dry silicone lubricant.

CAREFREE FREEDOM 12V AWNINGS

Streamlined and easy to operate, Carefree have released the Freedom 12V box awning that mounts onto the side of your RV. By utilising the button installed inside your RV, you can open and retract the awning. Whilst opening the awning, the support arms (located in the lead bar) can be unfolded once it is at a comfortable and easy-to-reach height. The Freedom's support arms are adjustable by means of flip lock controls. To retract the awning, simply fold support arms back into the lead bar and press the button; the awning case closes and locks itself, so you are ready to continue your journey. The Freedom 12V awnings are housed in an attractive white aluminium casing and are available in two canopy colours.

Use the table below to determine which Freedom 12V awning is best for you:

Awning Size	Canopy Width	Canopy Extension
Freedom 2.5m	2.4m	2m
Freedom 3m	2.8m	2.4m
Freedom 3.5m	3.3m	2.4m
Freedom 4m	3.8m	2.4m
Freedom 4.5m	4.3m	2.4m
Box Dimensions: 14.5H x 9.1D (cm)
