COAST DOORS

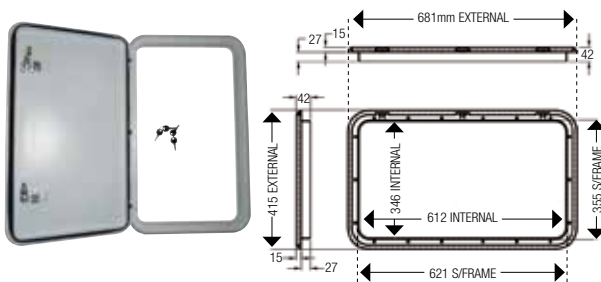

Utilise the cavities in your RV body to create much needed storage space and use the Coast Doors to access them. Available in nine handy sizes, the Coast Doors are available in black and white with a smooth and modern finish. Installation has been streamlined - screw holes are pre-drilled and they are supplied as a complete door, meaning there is no need to infill. It features an effective door seal and comes with keys to lock and reopen.

600-00000
COAST DOOR 1

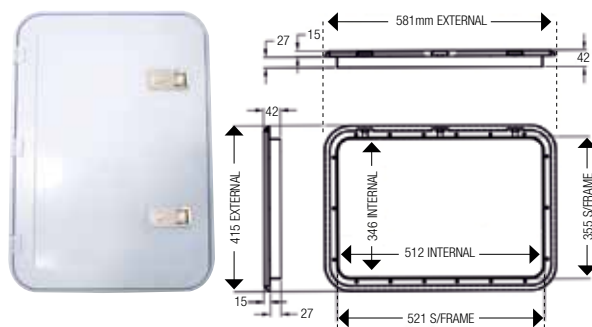

Has one centre lock and one set of keys. (M500-100)

600-00002
COAST DOOR 2

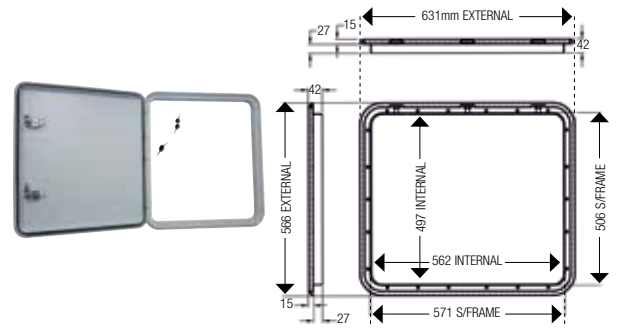

Has two locks and two sets of keys. (M500-110)

600-00004

PLASTIC GRAB HANDLES

These grab handles are sleek with a robust design. Available in white or black, they are easy to install. It involves a simple process of attaching the handle with four screws. Once done, the screws can then be covered up using the end caps provided.

Specifications

Dimensions: 170L x 45W (mm)

**600-02000
WHITE PLASTIC GRAB HANDLE**

**600-02010
BLACK PLASTIC GRAB HANDLE**

**600-02030
LED GRAB HANDLE BLACK (12V)**

Add some style to an RV entry with this grab handle. It has a blue glow that can be turned on or off via a red button. It is also simple to attach with two screws and two gaskets.

**600-03006
DGN HORIZ. MOUNT HINGE FOR TOP CUPBOARD W/UPWARD FLAT/CURVED DOOR C/W SOFT-CLOSE**

- > Heavy duty caravan and RV door hinge.
- > This new hinge has an integrated Soft Close Mechanism making it very quiet and controlled on closing.

**600-03010
DGN VERT. MOUNT HINGE FOR TOP CUPBOARD W/ UPWARD FLAT/CURVED DOOR C/W SOFT-CLOSE**

- > Features spring force regulation that allows the hinge to be mounted on various sized doors.
- > Open angle regulation means the hinge can be set to open to the desired angle.

**600-05302
CAMCO PRO-STRENGTH BLACK STREAK REMOVER**

A specially formulated cleaner and degreaser that is ready to use and powers away stubborn black streaks resulting from window and door sealants, bugs, tar, grease, oil and dirt that have built up over time, helping to restore a like-new appearance. Not for use on rubber or membrane roofs. Comes in a 946ml spray bottle.

DGN HINGES

**600-03002
DGN SHORT HINGE FOR TOP AND BOTTOM CUPBOARD C/W SOFT-CLOSE**

- > D.G.N. hinges are tested for more than 80.000 opening and closing operations and are lubricated with silicone for a better protection.
- > Has an integrated Soft Close Mechanism making it very quiet and controlled on closing.

**600-03004
DGN HORIZ. MOUNT HINGE FOR TOP CUPBOARD W/UPWARD FLAT/CURVED DOOR NO SOFT-CLOSE**

- > New and extremely strong hinge from DGN.
- > Has two integrated springs and is protected by an international patent.
- > Its strength means that the locker door will remain perfectly open for years and years.

**600-05322
CAMCO PRO-STRENGTH WASH AND WAX**

A blend of natural waxes and emulsifiers that will clean, shine and protect your RV in one easy application. It does not require any buffing and thanks to 100% Carnauba Wax being used in its formula, it leaves behind a water resistant surface that promotes a beading action. Safe for use on all finishes. Comes in a 946ml spray bottle.

600-05332**CAMCO PRO-STRENGTH
AWNING CLEANER**

Safely removes mould stains, dirt, tree sap and road grime from your awning. It is specially formulated to clean vinyl, nylon, acrylic and fabric awnings, and is also great for use on tents and pop-up campers. Breathe new life into your awning or tent and help restore a like-new appearance. Comes in a 946ml bottle.

**600-05370****CAMCO RV WATER PROOFER**

This RV awning water proofer waterproofs and protects by restoring water-repelling qualities to fabric. It is great for outdoor furniture, pop-up campers, RV covers and tents and lasts through several washings (650ml bottle).

**600-05382****CAMCO PRO-STRENGTH
MILDEW STAIN REMOVER**

Safely cleans mildew stains, black streaks, tree sap, tyres, wheel and even grills. It is specially formulated to power away stains caused by mildew in and around your RV. Use it to clean your awning, vinyl cover, chair cushions and many other surfaces. Also great for use on grease, oil and other heavy duty cleaning thanks to its professional strength. Comes in a 946ml spray bottle.

**600-05390****CAMCO PREMIUM WAX
SEALANT**

Helps to keep your RV looking like a showroom model. It beads better, shines better and lasts longer than other liquid waxes. For best results, first remove excess dirt with a wash. Tip: Do not wash your RV's surface for two days after waxing as it allows the polymer shield time to form a protective hard barrier. (470ml Bottle)

**VUPLEX PLASTIC CLEANER**

VuPlex was designed for the Aviation Industry but its uses have since expanded to boats, windows, motorcycles, automotive, caravans and even around the home or office. It offers an effective solution to cleaning and maintaining plastics with minimal effort. VuPlex works by cleaning the surface using safe ingredients that won't damage the plastic. The spray solution applies a fine wax coating to the surface which acts as a protectant from micro-scratching. It also acts as a water barrier, protecting the plastic from ageing and break down of clarity. Uses are endless and can be used on polished metals, clear and coloured plastics, painted and glass surfaces. Available in two sizes.

600-06150
PLUMBERS ROOF AND GUTTER SILICONE 300G TUBE CLEAR

Z-BOND NO NAILS CONSTRUCTION ADHESIVE

Z-Bond No Nails construction adhesive is designed for use as an alternative bonding method to nails, screws and rivets etc. No nails is designed for use with wood, plaster board, particle board, masonry, sheet metal, zincalume, wall cladding, ceramics, aluminium, painted surfaces, steel, concrete, brick, floor panels, polystyrene and urethane foam.

600-06160
NO NAILS CONSTRUCTION ADHESIVE 320G TUBE BEIGE

SIMSON ISR

ISR 70-03 is a good compromise between an adhesive and a sealant. Suitable for elastic bonding and sealing in caravan construction. Available in black and white.

- > Solvent, isocyanate- and PVC free.
- > Very good UV-resistance and ageing properties.
- > In general good adhesion on several substrate without the use of a primer.
- > Permanent elastic within temperatures from -40°C to +120°C.
- > Neutral, odourless and fast curing.
- > Paint compatible with most industrial paint- or lacquer systems, both alkyd resin and dispersion based (due to the large scale of different types of industrial paints a paint compatibility test is recommended).
- > Paintable after skin forming (wet on wet); this will not influence the curing speed

600-06170
SIMSON ISR 70-03
BLACK

600-06172
SIMSON ISR 70-03 WHITE

600-06210
STRIP CAULKING

An ideal sealant for face fixed window flanges, edge moulds etc. It is easily thumbed into place and smoothed with a finger in instances when a soft, non-hardening material is needed. It is waterproof and will not shrink. (Sold per 16' roll - 4.9m)

TAPE FOAM GREY PVC SEALING

This general purpose foam tape is manufactured for use in applications requiring positive seals on irregular surfaces or when flex and conformability to tight radius curves are critical considerations.

- > Low density foam is easy to compress and conformable, but is still strong and resilient
- > Insulates against temperature, sound and vibration
- > Formulated from durable Poly Vinyl Chloride (PVC) for long service life.
- > Closed cell structure completely seals out air, moisture, light and dust when compressed at least 30%.
